Junior Web Developer | Informal IT School | React JS | Node JS |
Express JS | JWT | MYSQL
Piatra Neamţ, Neamţ, Romania

Summary

Hi, this is Cristi, a passionate junior web developer. I started this
branch out of curiosity and, over time, I ended up taking courses on
various sites such as Udemy, LinkedInLearninig, Freecodecamp,
SoloLearn, Code Academy and even a Javascript course at the
Informal School of IT. I also took the Front End 12 course at
Informal IT School, after which I gained knowledge about Vanila Js
and made a mini online store, and after that, I gained knowledge
of React Js, Mongo DB & MYSQL, Express Js and Node Js. I look
forward to learning different coding languages and also to facing
various code challenges and continuing to specialize in this field.
